Education

Chandigarh University, Mohali, Punjab

Bachelors of Engineering: Computer Science Engineering | *2023 – 2027*

Anand Swaroop Arya Saraswati Vidya Mandir, Roorkee, Uttarakhand

Intermediate(Class XII), CBSE | *2023*

Matriculation(Class X), CBSE | *2021*

Projects

EduAnalytics | *Python, Pandas, NumPy, Scikit-learn, TensorFlow, Matplotlib, Seaborn* | Aug 2024 – Sept 2024

- **Developed student performance prediction models** using Linear Regression, Random Forest, and Neural Networks, achieving **R^2 = 0.786** and **RMSE = 3.99**
- Conducted **Exploratory Data Analysis** using **Matplotlib** and **Seaborn**
- Trained **Linear Regression** and **Random Forest models**
- Evaluated models using accuracy and **RMSE** metrics
- Implemented a neural network using **TensorFlow/Keras**

BankMate | *Java 17, Spring Boot, MySQL, Docker, JWT, React*

- Developed backend REST APIs using **Spring Boot** and **Spring MVC**
- Designed and managed database schema with **MySQL** and **Spring Data JPA (Hibernate)**
- Implemented **JWT authentication** and role-based authorization with **Spring Security**
- Containerized MySQL database using **Docker** for easy deployment
- Built responsive web frontend with **HTML, CSS, JavaScript**, and **Bootstrap** (React optional)
- Used **Maven** for project build and **Postman** for API testing
- Followed **MVC architecture**, clean code practices, and layered design principles

Technical Skills

Languages: Java, Python, SQL (MySQL), JavaScript, HTML, CSS
Frameworks & Libraries: Spring Boot, Spring MVC, Spring Data JPA, Flask, Keras, Scikit-learn, Pandas, Seaborn
Developer Tools: Git, Docker, Maven, Postman, VS Code, IntelliJ
Coding Profiles - Leetcode: https://leetcode.com/u/arnav_giri/
HackerRank : https://www.hackerrank.com/profile/arnavgiri06

Certifications

Cyber-Physical Systems with IoT Applications, 6 week Training | Jun 2025 – Jul 2025

- Built an IoT-enabled smart farming CPS with automated irrigation, real-time crop health monitoring, and nutrient requirement analysis using sensor data

Data Structure and Algorithms using Java, Infosys Springboard | Oct 2025 – Nov 2025

- Practiced and implemented core DSA concepts in Java; solved 200+ algorithmic problems on arrays, strings, trees, graphs, and dynamic programming.

Spring and Angular Full Stack Developer, Infosys Springboard | Aug 2025

- Trained in Java-based full-stack development with Spring Boot backend services and Angular frontend frameworks.

Additional Information

Toycathon 2023 – Led a team to top 16 out of 125,000+ participants; secured copyright

National Hackathon Winner, Shobhit University – Led a team and won against nationwide participants

Captain, Haridwar Cricket Team – Led the U-19 team to finals for 2 consecutive years

Vidya Bharti National Fare Competition – Participated for 6 consecutive years; won national 2 times

NCC 'B' Certificate (A Grade) – Awarded **Best Cadet of the Year** for outstanding leadership, discipline, and performance.
